Pay Your Fees The Smart Way!

Make Hassle-free Payments

# Benefits of using payment gateway to institute:

Now you don't need to manage cash, transactions, history & all.

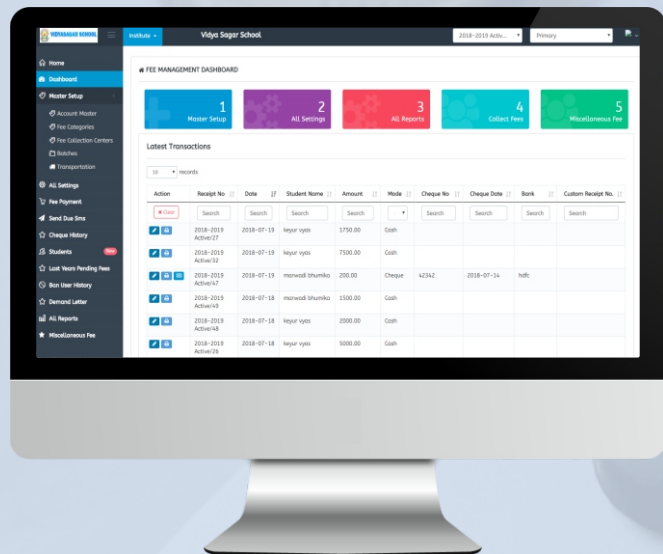

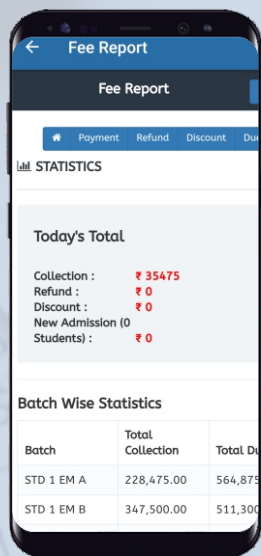

These all things would be managed by system automatically.

Parents/students will get fee receipt directly through mobile app.

Payment history and Due payments can be viewed directly through App.

Admin history via app to see today's collection etc.

**“You Will Also Get A Separate Admin Panel To Manage Your Transaction And View Transaction History.”**

## Extra Features :

You can also split the payment in any of your other account, if you want. For Ex. If one school is having 1 head branch and 5 sub branches, and they want to settle 10% of fees amount in head branch and rest 90% in respective branch where fees are being collected, then this thing can be done here. Amount would automatically be settled in both the accounts.

## Process/Method :

1

You have to sign up on our gateway set up link and upload/submit necessary documents for banking purpose. After verification, it would be activated within few hours and you can start using it in your system/App.

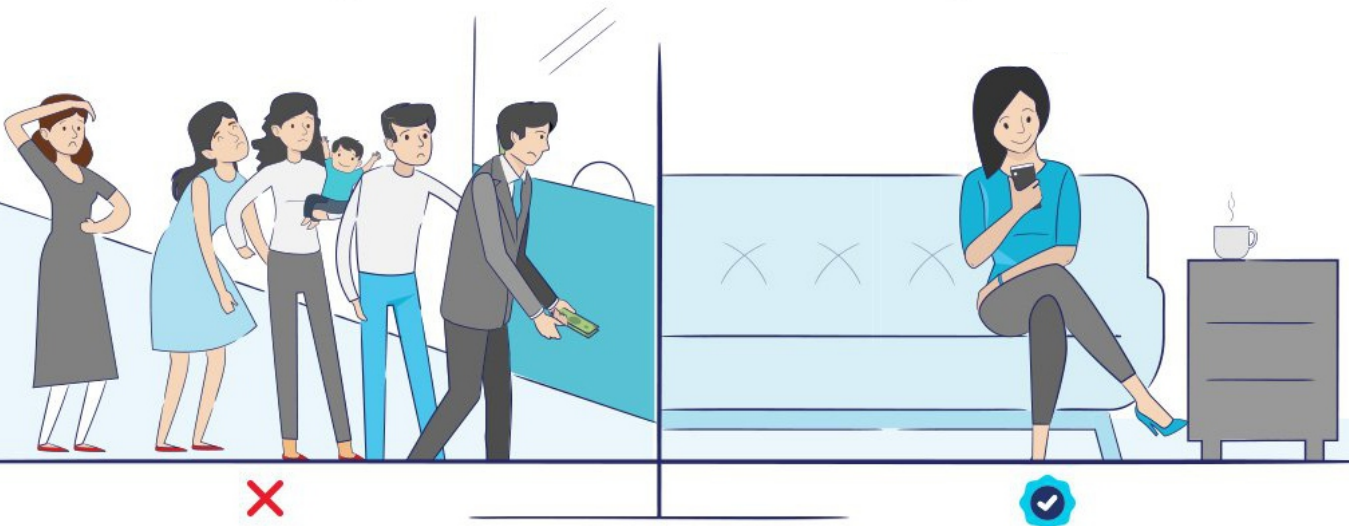

2

For each transaction happened through this gateway, you will get directly amount settled in your attached bank account in 48 working hours.

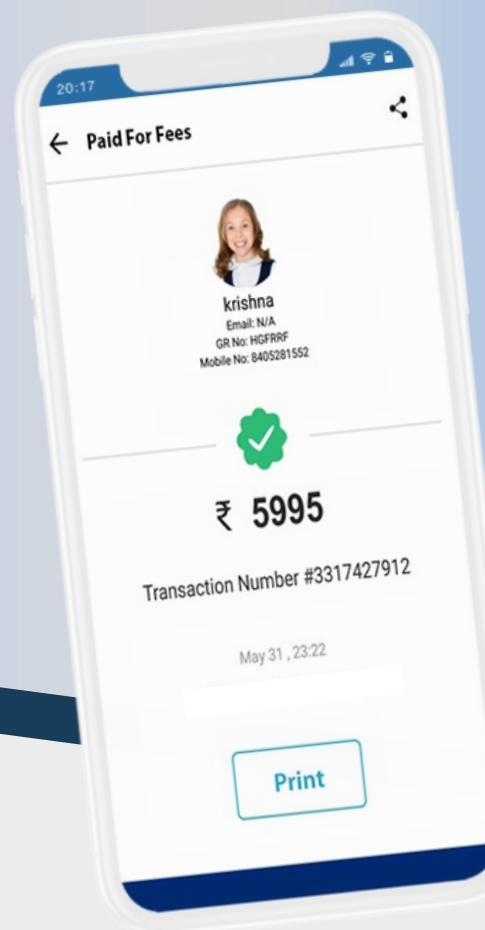

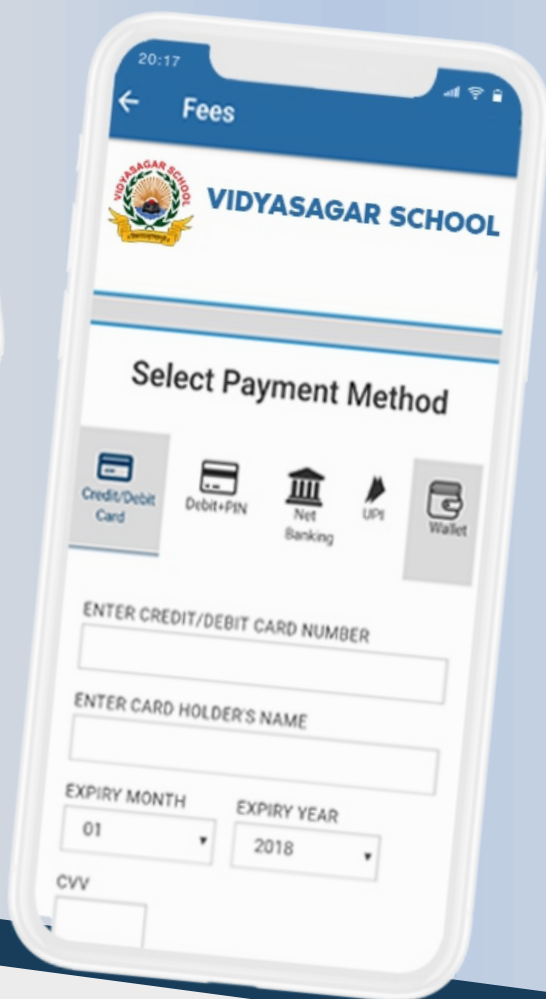

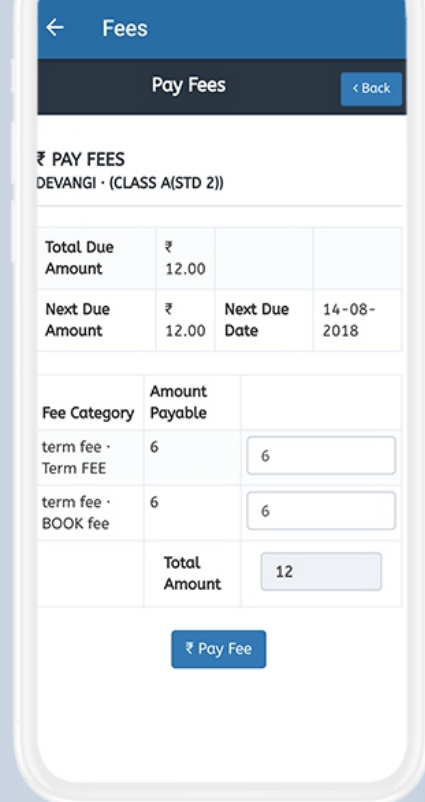

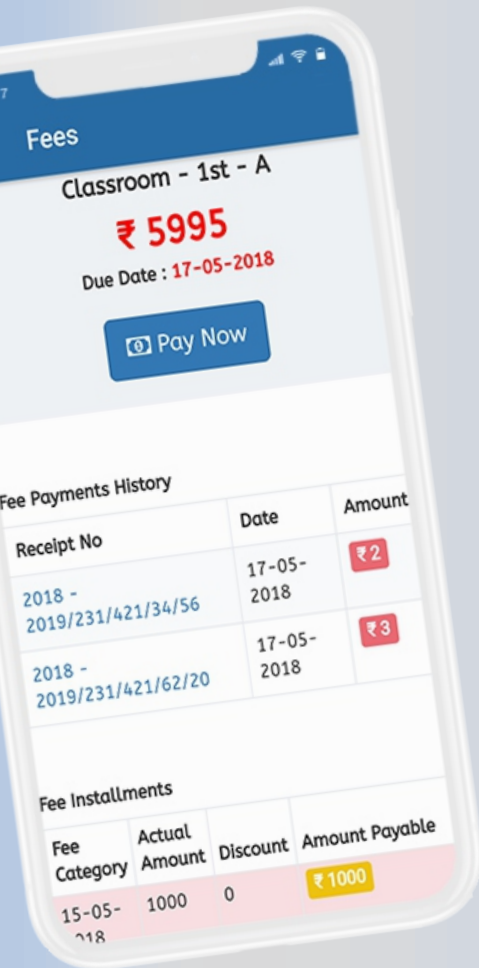

3

You will also get separate admin panel to manage your transactions and view transaction history.
